ST. MARY'S HARBOUR **LOCAL NOTICES TO MARINERS**

Quay Improvement Works

Mariners are advised that works to extend the quay are still ongoing. Despite the structure being in place, work remains to be carried out and vessels should keep clear at all times. The North Cardinal remains in place. Once works are complete, a period of demobilisation will see various shipping movements within the Harbour, its approaches and within the Pilotage district.

The quay widening project to the South of the main building is still ongoing and whilst not in an area associated with marine traffic, vessels should keep clear at all times.

The heavy moorings installed around the Islands remain in place in the following positions and mariners are advised that these are not officially lit:
