Harbour Master: Dale Clark

ST MARY'S HARBOUR **LOCAL NOTICE TO MARINERS**

11/14

Valid From: Wednesday 29th January 2014

Forecasted Weather

Mariners are advised that the Met Office, Department for Transport and the Environment Agency are predicting significant storm surges of up to 0.40m on top of the spring tides over the coming weekend. In St Mary's Harbour we can therefore expect maximum predicted tidal heights as follows:

Friday	31 st January	1709	6.28m
Saturday	1 st February	0531	6.57m
		1755	6.16m
Sunday	2 nd February	0616	6.35m
		1838	6.08m
Monday	3 rd February	0700	6.40m

There are likely to be significant access restrictions to the Harbour for vessels, vehicles and pedestrians during this time. Please monitor local radio, Twitter (@StMarysHbr) and Harbour notice boards for updates.

For an up to date list of notices in force, please visit www.stmarys-harbour.co.uk
