ST. MARY'S HARBOUR
LOCAL NOTICES TO MARINERS

Valid from: 11th July 2015 1600
Valid until: 12th July 2015 0800

Mariners are advised that the dumb barge 'Stemat 85' is currently berthed in the outer berth of St Mary's Harbour.

She is accompanied by the Tugs 'Indus' and 'Polmear' as well as a 12m x 6m diving platform.

The 'Stemat 85' will be subject to underwater welding and repair works utilising divers overnight.

The position of the vessels will constrict the entrance to the Harbour and the lighting of the operation may make the leading lights/sector light difficult to identify.

All vessels are requested to pass the work site with a wide berth and at minimum speed

LNtM In force:
