

NOTES
 Coordinated in OSN15
 Depth below Chart Datum (CD)
 Tidal data recorded by RTK GPS
 Contours at 1.0 metre intervals
 Positioning system: RTK DGPS
 RTK reference: Trimble WRSN0W
 CD/ ODN value adopted: -2.91 metres

SIDE SCAN SONAR SURVEY
 Object locations determined from digital records
 Sub-surface obstructions not detected
 Side scan sonar line spacing conducted with multibeam
 Side scan sonar operated at 300 kHz at various ranges
 Object with ID number (ID) & height relative to CD
 (e.g. 97.0 1.0)
 Please refer to the project file for details of this sonar survey
