LNtM No. 11/23
ST. MARY'S HARBOUR
LOCAL NOTICES TO MARINERS

From 21st June 2023

SEA DEFENCE WORKS AND ASSOCIATED DEEP-WATER MOORINGS

Mariners are advised that coastal defence works will be carried out at Porth Killier, Porth Coose and Periglis on St. Agnes, and Lower Town Beach on St. Martin's during 2023.

During the summer season, rock and other materials will be delivered to Periglis Beach on 36m x 11m barges. The barges are very restricted in movement and mariners are asked to keep clear of the barges when underway or delivering materials onto the foreshore.

To facilitate these works, Teignmouth Maritime Services (TMS), will establish temporary lay-by moorings (large yellow buoys) at the following locations:

NUT ROCK 49 55.73"N 006.20.28"W
Approximately 1.5 cables SSW of Nut Rock
The buoy will be lit with a continuous flashing yellow light

INNISIDGEN 49 56.32"N 006 17.50"W
Approximately 1.3 cables NNW of Innisidgen
The buoy will be lit with a continuous flashing yellow light

SMITH SOUND 49 53.56"N 006 21.57"W
Approximately 2.2 cables SW of Burnt Island
The buoy will be lit with a continuous flashing yellow light

For further information on the project please contact Stephen.Swabey@scilly.gov.uk

LNtMs in force: 01/23, 07/23
